

FLUID-QUIP
Process Technologies

FLUID QUIP TECHNOLOGIES IS ALL ABOUT TRANSFORMATION

Our look has transformed to truly represent our global growth, what we accomplish for our customers and where we can go, together.

2019 | ETHANOL PRODUCER
PROJECT OF THE YEAR

Fluid Quip Technologies' MSC™ installation at Flint Hills Resources in Fairmont, NE is the 2019 Ethanol Producer Project of the Year.

COME SEE OUR PRESENTATIONS AT FEW

MONDAY, JUNE 10 | 2:00 -2:30 P.M.

Ethanol Plant Construction & Project Summit
Neal Jakel, Vice President, Strategy & Technology,
Fluid Quip Technologies, LLC
**Unlocking the Untapped Revenue Potential of
High Purity Protein at Flint Hills**

TUESDAY, JUNE 11 | 1:30-3:30 P.M.

Track 1: Production and Operations
Don Cannon, QA/QC Lead,
Fluid Quip Technologies, LLC
**Validating a Laboratory Method for Stimulating
Selective Grind Technology Enhancements**

TUESDAY, JUNE 11 | 1:30-3:00 P.M.

Track 5: Advanced Biofuels Conference
John Kwik, Principal, Fluid Quip Technologies, LLC
Fiber from Cellulosic Ethanol from a Dry Mill

WEDNESDAY, JUNE 12 | 8:30- 10:00 A.M.

Track 5: Advanced Biofuels Conference
Neal Jakel, Vice President, Strategy & Technology,
Fluid Quip Technologies, LLC
Industrial Glucose: Bridging the Biochemical Gap

WEDNESDAY, JUNE 12 | 10:30 A.M. - 12:00 P.M.

Track 3: Co-products and Product Diversification
Keith Jakel, Sales & Marketing Lead,
Fluid Quip Technologies, LLC
**Planning for a Modular/Stepped Approach to
Protein Production in an Ethanol Facility**

WEDNESDAY, JUNE 12 | 1:30 - 3:00 P.M.

Track 3: Co-products and Product Diversification
John Kwik, Principal, Fluid Quip Technologies, LLC
**Ethanol Plant to Biorefinery: Proven
Diversification Today**

If you missed any of our presentations, they will be available after FEW at fluidquiptechnologies.com.
